EDUCATION

University of Washington, Seattle Campus

Bachelor of Science, Informatics

Overall GPA: 3.65

Graduated *June 2023*

Focus in Software Development and Human-Computer Interaction

PROJECTS

Out The Box, Sneaker Service

Front-End Developer | *August 2023 - September 2023*

- Collaborated within a team of two to develop a sneaker service platform where users could search, filter and purchase the most sought after sneakers in today's market
- React, JavaScript, HTML, CSS, and Stripe Payment API

Website Sharer

Back-End Developer | *October 2022 - November 2022*

- Implemented a server-side web application where users could log in with a Microsoft Azure account and make posts. Users are able to like and comment on posts as well as go on other user profiles
- JavaScript, HTML, CSS, Node.js, Express.js, MongoDB, and Microsoft Azure Authentication

WORK EXPERIENCE

CuriosityBased

Software Developer | *January 2022 - June 2022*

- Collaborated within a team of 4 to refactor, automate, scale, and monetize an existing codebase for our sponsor CuriosityBased
- Improved the results generation process by 98%

UW Information School

Teaching Assistant | *January 2022 - June 2022*

- Taught server-side web development programming, services, tools, protocols, best practices, and techniques for implementing data-driven and scalable web applications to 35 students weekly
- Held office hours to resolve bugs students had and to clarify concepts students struggled with
- Graded and provided feedback on assignments and exercises weekly

SKILLS

Technical Skills

- Java
- JavaScript / HTML / CSS
- React
- Node.js
- Express.js
- Google App Scripts
- SQL
- TypeScript

Soft Skills

- Problem Solving
- Team Communication

RELEVANT COURSES

- Data Structures & Algorithms
- Server-Side Development
- Client-Side Development
- Cooperative Software Development
- Software Design & Implementation
- Database Systems
- Object-Oriented Programming I/II

CERTIFICATIONS

- AWS Certified Cloud Practitioner (In Progress)
